ENGINEERING WARD CNC

BUSINESS INTERIORS

"We have recently completed a major office refurbishment at our premises in Sheffield and from the very first consultation meeting with the team from Arc, I felt that they understood what we were trying to achieve and brought our ideas to life. They put some excellent designs forward which really helped us to envisage what the final scheme would look like and we haven't been disappointed. They were with us every step of the way through-out this extensive project, working alongside our building contractor, and always providing excellent customer service. Nothing was too much trouble. We are delighted with the completed office refurbishment and would have no hesitation in recommending Arc Business Interiors"

Linda Wilson, Administration Manager

Across multiple sites including open place office, managing director's office, boardroom, canteen and bespoke wall storage

Project Value - £150,000
