

BRING YOUR STORAGE TO LIFE

BRING YOUR STORAGE TO LIFE.

Room dividing units

Personal and locker units

Freewall offers unlimited scope to create efficient storage systems in any office environment. Our unique design led approach and in-house manufacturing enables us to create bold or sympathetic statements for any organisation.

Freewall allows flexible configurations with an array of unit styles that meet the demands of today's dynamic businesses. Each system is individually designed to fit from floor to ceiling and from wall to wall, maximising the amount of space available.

The use of room dividing units and pass through doors enhance the versatility as well as eliminating the cost, time and space in creating additional walls or partitions.

The use of different unit styles allow the customer to seamlessly integrate with the storage around them, to provide a solution that best fits their needs.

Freewall can future proof any investment as it is easily dismantled and reconfigured offering flexibility and longevity.

Freewall is backed by FIRA Gold product certification and a comprehensive 10 year guarantee, offering peace of mind now and in the future.

Freewall offers the unique blend of modular space planning footprints with the flexibility of bespoke frontages, that are tailored to each customer's needs. The units can be designed to fit around elements within the building structure as well as keeping a fluid feel to the working environment. Many different levels of interaction and privacy can be

incorporated not only within an office but to an individual wall of cupboards.

Freewall offers solutions to new working practices in a way no other storage system can. The ability to change and meet these demands is achieved through the flexibility in design, which can be shown in

applications from personal storage, using locker solutions to audio visual walls for boardrooms and classrooms. The increase and versatility of the materials used enables us to create contrasting visual statements from classical booked matched veneers to the striking graphical manifestations.

Freewall is fundamentally about solving storage problems within the modern office environment. At the heart of any **Freewall** cupboard are the accessories that provide a versatile and efficient way to maximize space.

Freewall accessories have been designed to the highest standards and are unsurpassed on the choice and

specification of the materials, fittings and components used ensuring ease of use and longevity.

For peace of mind a variety of security and locking systems can be integrated, ranging from simple combination locks to digital locking systems ensuring people, information and the organisation are safe and secure.
